MEMBER

CITIZENS' COUNCIL ON CITY  
PLANNING

FAR NORTHEAST FEDERATION OF  
CIVIC LEAGUES

May 6, 1961

Hi Neighbor:

Woodrow Wilson in 1913 speaking about the great importance of community groups said "They should meet in the Schoolhouse - the Schoolhouse which belongs to all of us, for it is the natural place in which to gather to consult over our common affairs."\*

The Bustleton Improvement Association, founded shortly thereafter, took these words as wise counsel. They met at the William Jacobs School. They were exciting days for Bustleton and many of you will remember their first large civic project. It was to have a transportation line created from Frankford and Oxford Avenues to Bustleton Avenue and Lott Street.

They succeeded - and on many occasions since, the Greater Bustleton Civic League has successfully accomplished projects for the greatest benefits of our community.

You and I have a Great Stake in Bustleton and its future. You and I should join the Bustleton Civic League - to make conditions better for ourselves, our neighbors, our community.

The membership obligation is two dollars per family per year.

Send it today to Greater Bustleton Civic League, P.O. Box 6157, Philadelphia 15, Pa. and take your place in the community's drive for a better Bustleton tomorrow.

Cordially yours,

David Silver, President  
Otto Knopf, Treasurer

\*From "The Parliament of the People" in The New Freedom by Woodrow Wilson.
